Subject Index

– A –

Abstracts of 11th annual ACCP meeting, 232
ACCP Position Statement, Practice Guidelines for Pharmacotherapy Specialists, 308
Acetaminophen plus codeine, A multiinstitutional evaluation of the analgesic efficacy and safety of, versus ketorolac tromethamine, and placebo in cancer pain, 211
Acylated plasminogen-streptokinase activator complex: a new approach to thrombolytic therapy, 115
Adenosine, the pharmacology, pharmacokinetics, pharmacodynamics, and interactions of, 157
Aldose reductase inhibitors, 326
Alteplase, nationwide survey of prescribing patterns in acute myocardial infarction, 35
Amantadine, use in treatment of cocaine abuse, 47
Aminoglycosides: another look at current and future roles in antimicrobial therapy, 217
Aminoglycoside-vancomycin antibiotic therapy, risk of nephrotoxicity with the combination, 378
Amphotericin B (intravenous), prospective surveillance of use patterns, 341
Anaphylactoid reactions to trimethoprim-sulfamethoxazole in patients with AIDS: Case reports and literature review, 413
Anistreplase, *see* acylated plasminogen-streptokinase activator complex
Antibiotics, patterns of use and expenditures during 7 years at a university hospital, 199
Anticancer Agents, pharmacokinetics and pharmacodynamics of: Contributions to the therapy of childhood cancer, 313
Antidepressants in the management of chronic pain syndromes, 262
Antifungal agents (systemic), pharmacology and pharmacokinetics of, 134S
Antirheumatic drugs in the elderly, analysis of second-line agents, 79
APSAC, *see* acylated plasminogen-streptokinase activator complex, 115
Aspirin, caffeine, and their combination, evaluation of in postoperative oral surgery pain, 387

– B –

Bioelectric impedance, values of related to creatinine clearance, 42
Blood pressure, the effect of a single-dose of phenylpropanolamine on, in patients with hypertension controlled by beta-blockers, 85
Bromocriptine, use in treatment of cocaine abuse, 47

– C –

Caffeine, aspirin, and their combination, evaluation of in postoperative oral surgery pain, 387
Cancer pain, A multiinstitutional evaluation of the analgesic efficacy and safety of ketorolac tromethamine, Acetaminophen plus codeine, and placebo, 211
Cefazolin, effect of tourniquet inflation on tissue penetration during total knee arthroplasty, 373
Charcoal hemoperfusion, limited effectiveness of in malathion poisoning, 410
Chemotherapy-induced nausea and vomiting, management of, 129
Childhood cancer, contribution of pharmacokinetics and pharmacodynamics of anticancer agents to the therapy of, 313
Chronic pain syndromes, antidepressants in the management of, 262
Ciprofloxacin and clindamycin, oral therapy for diabetic foot infections (article since retracted), 154
Ciprofloxacin, renal dysfunction associated with, 337
Clindamycin and ciprofloxacin, oral therapy for diabetic foot infections (article since retracted), 154
Clindamycin and ciprofloxacin, oral therapy for diabetic foot infections, a retraction, 261
Cocaine, abuse and its treatment, 47
Creatinine clearance, related to values of bioelectric impedance, 42

– D –

Desipramine, use in treatment of cocaine abuse, 47
Diabetes, potential treatment of with aldose reductase inhibitors, 326
Diabetes, Type II, effect of glycated albumin on phenytoin binding in elderly patients with, 362
Dilevalol, clinical pharmacology, therapeutic use in hypertension, 15
Diltiazem, double-blind crossover trial of, versus propranolol in the management of thyrotoxic symptoms, 100
Dobutamine versus dopamine, 224
Dobutamine versus dopamine, 417
Dopamine versus dobutamine: are all the facts there?, 224
Dopamine versus dobutamine, 417
Drug metabolism, as a measure of liver function, 280

– E –

Emesis, chemotherapy-induced, management of, 129
Enteral feedings, influence of on absorption of sustained-release theophylline, 356
Epoetin alfa, *see* Erythropoietin, recombinant human
Erythropoietin, recombinant human, cloning and production of, 3S; clinical pharmacology of, 9S; Review of patients' responses to, 15S; Improvement of quality of life with, 22S

– F, G –

Fluconazole and itraconazole, a review of, 146
Fluconazole, pharmacokinetics of in serum and cerebrospinal fluid in a patient with AIDS and Cryptococcal meningitis, 305
Fluconazole, clinical pharmacology of, 141S
Fluconazole, in the treatment of invasive Candidal and Cryptococcal infections in organ transplant recipients, 159S
Fluconazole, drug Interactions with, 170S
Fungal infections, human, brief review of, 146S
Fungal infections in pediatric patients, 150S
Fungal infections, treatment of in patients infected with the Human Immunodeficiency Virus, 154S

Fungal Infections in patients with cancer, 164S
Glycated Albumin, effect of on phenytoin binding in elderly patients with Type II diabetes mellitus, 362

– H –

Halobetasol, safety of 0.05% ointment in the treatment of psoriasis, 107
Hemodialysis, heparin pharmacokinetics and pharmacodynamics of during: interpatient and intrapatient variability, 349
Hemoperfusion (charcoal), limited effectiveness of in malathion poisoning, 410
Hemostasis, effects of ketorolac on, 71S
Heparin, pharmacokinetics and pharmacodynamics of during hemodialysis: interpatient and intrapatient variability, 349
Heparin, pharmacokinetics and pharmacodynamics, evaluation of a rapid monitoring system to study, 367
Hepatic failure associated with imipramine therapy, 66
Hepatic blood flow (estimated), the effect of theophylline on, 406
Home monitoring of theophylline levels: A novel therapeutic approach, 294
Hypoglycemia, comparison of the risk of between users of human and animal insulins. 1. Experience in the United Kingdom, 395
Hypoglycemia, hospitalizations because of in users of animal and human insulins. 2. Experience in the United States, 398

– I –

Ibuprofen, evaluation of versus ketorolac, acetaminophen, and an acetaminophen-codeine combination in postoperative oral surgery pain, 94S
Imipramine, hepatic failure associated with, 66
Insulin, comparison of the risk of hypoglycemia between users of human and animal insulins. 1. Experience in the United Kingdom, 395
Insulin, hospitalizations because of hypoglycemia in users of animal and human insulins. 2. Experience in the United States, 398
Itraconazole and fluconazole, a review of, 146

Ketorolac tromethamine, A multiinstitutional evaluation of the analgesic efficacy and safety of, versus acetaminophen plus codeine, and placebo in cancer pain, 211
Ketorolac tromethamine, Pharmacologic activity of, 30S
Ketorolac tromethamine, Pharmacokinetics and metabolism after intravenous, intramuscular, and oral administration in humans and Animals, 33S
Ketorolac tromethamine, Efficacy and safety of single doses of intramuscular of, compared with meperidine for postoperative pain, 40S
Ketorolac tromethamine (intramuscular): Comparison of repeat doses of to morphine sulfate for analgesia after major surgery, 45S
Ketorolac (intramuscular) and morphine in the treatment of moderate to severe pain after major surgery, 51S
Ketorolac tromethamine, analgesic efficacy and safety of following single-dose oral and intramuscular for postoperative pain, 59S
Ketorolac tromethamine, effects of on hemostasis, 71S
Ketorolac (oral), evaluation of versus aspirin, and an acetaminophen-codeine combination in postoperative oral surgery pain, 77S
Ketorolac, evaluation of versus ibuprofen, acetaminophen, and an acetaminophen-codeine combination in postoperative oral surgery pain, 94S
Ketorolac tromethamine, comparison of long-term safety of with aspirin in the treatment of chronic pain, 106S
Ketorolac tromethamine (intravenous), versus morphine sulfate in the treatment of immediate postoperative pain, 111S
Ketorolac tromethamine (intravenous), comparison of versus morphine sulfate in the treatment of postoperative pain, 116S
Ketorolac tromethamine, hemodynamic effects of two intravenous doses of compared with morphine, 122S
Ketorolac, opiate-sparing effect and lack of cardiorespiratory depression in the perioperative patient, 127S
